EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Koren Anderson on April 30, 2003.

2. The application has been amended as follows:

Nonelected claims 28-43 were cancelled without prejudice towards further prosecution.

3. The following is an examiner's statement of reasons for allowance: The claimed invention is drawn to a particular dye structure, which differs from the prior art Heseltine structure. Structure searches by the STIC and examiner failed to identify any additional prior art references which anticipated or render obvious these structures which are therefore novel and unobvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
